customer satisfaction

Intelligent G Suite Backup that Works

Simple

- ✓ 1 click to start, nothing to install
- ✓ Clean & intuitive UI for end-users
- ✓ Forget scripts - use advanced admin tools absent in G Suite

Auto-piloted

- ✓ 20+ alerts, and policy triggers
- ✓ 30+ pre-defined workflows
- ✓ Out of the box automation of your tasks with logs analysis

Reliable

- ✓ Regular backup verification
- ✓ Continuous backup to miss nothing
- ✓ Geo-replication, multiple storage locations, incl. customer owned

BACKUP

- Protect all G Suite data, including (team) Drives, Gmail, Calendars, Contacts, with user rights & permissions
- Regular backups with frequency and retention prescribed by pre-configured SLA policies, or instant on-demand backup
- Unlimited retention, storage locations in Google Cloud (default), AWS, Azure, other S3-compatible storage

SEARCH & RECOVERY

- Item level, whole user account or bulk account restore, point in time restore and versioning
- Cross-user, cross-domain or cross application (O365 and G Suite) restore or migration
- End-user self-service, full text search & restore

ADMINISTRATIVE TOOLSET

- Bulk account management: password policies, provisioning, de-provisioning, signatures management, access and permission changes, G Suite SSO management
- User lifecycle management - auto-discovery of new users, configurable provisioning and de-provisioning workflows
- Customizable administrative workflows linked to 10+ triggers (incl. auto-archiving of inactive users, rights re-assignment)
- Integration of admin workflows with Salesforce and Zendesk, Okta and Google Cloud Directory Sync
- Infrastructure and usage reporting, web dashboard

SECURITY AND DATA LEAK PREVENTION

- Security alerts for suspicious behavior and rights abuse
- Customizable security workflows linked to 10+ security triggers (user suspension, access and rights revocation)
- Granular administrative, support and read-only roles, administrative rights delegation, time-based rights delegation

Version Comparison

	Micro	Standard	Enterprise
	FREE up to 5 protected seats	\$3/mo per seat	>\$10K/year scalable to 1,000s of seats
